

Depository Library Spotlight for January

If you use the Enhanced Shipping List Service and would like to learn more about the library behind this resource or if you wish to learn more about Buffalo before you attend the [Depository Library Council Meeting](#) there in April or if you're just interested in hearing more about a well-rounded academic depository library, we're here to help with the [first Depository Library Spotlight](#) in 2010. The Lockwood Memorial Library at the University at Buffalo, The State University of New York, is an active Federal depository library supported by personnel throughout the UB Libraries.

By spotlighting the expert services and contributions of our depositories, we share in the strengths and innovations of our partners and help promote the essential American service that is the Federal Depository Library Program.
